

UISTORE PRIVACY STATEMENT

Last Updated: April 22, 2026

1. Introduction

This Privacy Statement explains how **UISTORE** ("we", "our", or "the Application"), a product developed by **UISAP/ SNE Bilişim Teknolojileri**, collects, uses, and protects data when integrated into your SAP environment. As a retail and warehouse management solution built on SAPUI5 and ABAP, **UISTORE** is designed with "Privacy by Design" principles to ensure the security of corporate data.

2. Scope and Role

- **Data Processor:** For the majority of the data processed within **UISTORE** (e.g., inventory records, employee IDs, sales transactions), **UISTORE** acts as a **Data Processor**. The customer (the legal entity using **UISTORE**) is the **Data Controller**.
- **Data Controller:** **UISAP / SNE Bilişim Teknolojileri** acts as a Data Controller only for limited information, such as account management data and technical logs required for license verification.

3. Data Categories Collected

UISTORE processes the following categories of data within your SAP instance:

- **User Information:** SAP User IDs, roles, and permissions to manage application access.
- **Operational Data:** Warehouse movements, retail sales records, stock levels, and procurement data.
- **Technical Logs:** IP addresses (for secure session management), device information (for SAPUI5 mobile/tablet compatibility), and application performance metrics.
- **Location Data:** If enabled for warehouse tracking, precise or coarse geographical location from mobile devices.

4. Purpose of Processing

We process data for the following legitimate business purposes:

- To provide seamless retail and warehouse management operations.
- To automate approval processes and inventory tracking.
- To ensure the security and integrity of the SAP environment.
- To fulfill legal obligations under tax and commercial laws.

5. Data Hosting and Infrastructure

UISTORE is an integrated SAP solution.

- **On-Premise/Private Cloud:** Data remains within the customer's own SAP HANA database or SAP Cloud environment.
- **Direct Access: UISAP / SNE Bilişim Teknolojileri** does not have "backdoor" access to your business data unless explicitly granted for support purposes via secure remote connection.

6. Data Sharing and Third Parties

We do not sell or lease business data. Data may only be shared:

- **With SAP SE:** As part of the SAP Store ecosystem and license validation.
- **Legal Authorities:** When required by enforceable government requests or prevailing laws (e.g., KVKK/GDPR compliance).

7. Security Measures

UISTORE leverages SAP's robust security framework, including:

- **Role-Based Access Control (RBAC):** Built on standard ABAP authorization objects.
- **Encryption:** Data at rest and in transit is protected using SAP's standard encryption protocols (TLS/SSL).
- **Audit Logging:** All critical transactions are recorded within the SAP Audit Log.

8. Your Rights (GDPR & KVKK Compliance)

Under applicable data protection laws, users and organizations have the right to:

- Request access to their data.
- Request correction or erasure of personal data.
- Object to processing or request portability.
- Withdraw consent at any time (where processing is based on consent).

9. Retention Period

Data processed within **UISTORE** is retained according to the retention policies defined by the **Data Controller** (the Customer) within their SAP system, or as required by local commercial regulations.
